Education

Gitam University

Bachelor of Technology in Computer Science

Jun 2015 – Apr 2019

Visakhapatnam, India

Experience

Tata Consultancy Services

May 2025 – Present

Cloud Security Engineer

Hyderabad, India

- * Designed, implemented, and maintained cloud infrastructure solutions on GCP, AWS, and Azure platforms, ensuring scalability and security.
- * Implemented Google Cloud Armor policies for enterprise-level security, including predefined and custom rules aligned with organizational architecture.
- * Worked on **Terraform modules** to automate infrastructure provisioning without modifying existing modules.
- * Configured **Palo Alto firewall** and security rules to secure cloud workloads and enforce compliance.
- * Managed IAM policies, implementing **least privilege access and multi-factor authentication**.
- * Collaborated with teams to align cloud solutions with business requirements and security best practices.
- * Maintained documentation for cloud infrastructure, security policies, and deployment processes.

Accenture

June 2021 – May 2025

Security Delivery Analyst

Hyderabad, India

- * Designed, implemented, and maintained cloud infrastructure solutions on GCP, AWS, and Azure platforms, ensuring scalability and security.
- * Optimized compute instances, storage, and networking for performance and cost efficiency.
- * Proficient in GCP, AWS, and Azure services, including Compute Engine, EC2, Storage Buckets, and Virtual Networks.
- * Stay updated on cloud provider features and best practices for infrastructure enhancements.
- * Implemented security policies, conducted assessments to maintain compliance and mitigate risks.
- * Utilized Prisma policies for enforcing security controls and regulatory requirements.
- * Developed Batch Script for automating tasks on Windows systems and utilized Terraform for infrastructure as code.
- * Streamlined deployment processes and resource management through automation tools.
- * Managed Linux systems, including package management, user administration, and security configurations.
- * Implemented access controls and security measures to protect against unauthorized access.
- * Designed IAM policies on GCP to control access and enforce least privilege principles.
- * Implemented multi-factor authentication for enhanced security.
- * Collaborated with teams to design and maintain cloud solutions aligned with business needs
- * Documented infrastructure configurations and procedures for knowledge sharing and future reference
- * Incorporated scripts using Python and PowerShell to aggregate XML test results into an organized format and to load the latest build code onto the hardware, so that daily testing can be performed.
- * Utilized Jenkins to provide a continuous integration service in order to automate the entire process of loading the latest build code and test files, running the tests, and generating a report of the results once per day.
- * Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

AlliancePro

Nov 2020 – Jun 2021

Microsoft Product Specialist

Hyderabad, India

- * Acquired good knowledge of Microsoft Azure.
- * Worked effectively with Microsoft Team and vendors for Office 365 product rollout.
- * Contributed to the Email Migration work from Vendor Software to O365.
- * Decent Knowledge of IMAP Tool and Server Management (Windows Server Administration 2016)
- * Assisted clients to choose the right Microsoft Product based on their requirement
- * Good at solving queries on O365
- * Provided exceptional service in client relationship management
- * Delivered Microsoft Technology Training sessions as an active part of connects with Microsoft Team Management
- * Worked on System Center server mainly on Endpoint Management, Operating System Configuration and Software Deployment.
- * Taken care of Microsoft product release cycle management and assisted with business development plans

Certifications

- * GCP Associate Cloud Engineer
- * AWS Solution Architect Associate
- * DP-203 Microsoft Certified: Data Engineering in Microsoft Azure (MCP ID: 993102607)
- * SC-200 Microsoft Certified: Security Operations Analyst

Technical Skills

Languages: Terraform, Python, C, HTML/CSS, JavaScript, SQL

Cloud Technologies: GCP, AWS, Microsoft Azure

Security Tool: WIZ, Prisma Cloud, IAM, CNAAP

Compliance & Governance : NIST, ISO 27001, CIS Benchmarks

Developer Tools: VS Code, Google Cloud Platform, Prisma, Citrix, IAM, ETL, Jira

Technologies: Linux, Jenkins, GitHub, Palo Alto Networks, PL/SQL, DevOps, Azure Sentinel, Microsoft 365 Defender

Leadership / Extracurricular

Accenture

June 2021 – May 2025

- Delivered Results with integrity and Speed.
- Successful Delivery of Project's Key Initiatives
- Won 2 Weekly rewards as a part of the Microsoft Data & AI Summit

Gitam University

June 2015 – April 2019

- Nominated as Vice Chairman of IEEE Student chapter during the year 2018 in GITAM, CSE dept.
- Nominated as Internshala Student Partner by Internshala during the year 2018(ISP 10).
